The objective of the DBFZ Deutsches Biomasseforschungszentrum gemeinnützige GmbH is application-oriented research and development in the field of energetic and integrated material use of renewable raw materials in the bioeconomy with special consideration of innovative techniques of economic effects and environmental concerns. To support our team, we are looking for a

Research Associate (m/f/d)
„Supply Chain Concepts and Stakeholder Analysis“

Your tasks:
- Development of mobilisation and management concepts as well as supply chain solutions for (utilised and un-utilised) biogenic resources on national, EU and international level
- Application of stakeholder analyses to determine hindrances and enablers of resource availability as well as motivation of relevant stakeholder
- Collection, analysis and evaluation of quantitative and qualitative data (e.g. surveys, interviews, workshops)
- Development of concepts for plausible presentation of the results
- Scientific handling of the results (conferences, publications etc.)
- Collaboration with a broad range of partners in EU projects

Your qualifications:
- Scientific university education (master’s degree, diploma) in business and management (e.g. supply chain management, operations management)
- First professional experience preferred but not required
- Experience in self-determined project work preferred
- Experience with qualitative analysis software preferred, e.g. NVivo or Atlas.ti
- Very good oral and written communication skills

We offer:
- Family-conscious and modern working environment
- Flexible working hours
- A remuneration according to the regulations of the collective agreement TVÖD (Bund) EG 13 including the social benefits of the public service such as e.g. company pension scheme
- Excellent connection to public transport

The position is full time and initially limited to two years.

The DBFZ aims to increase the proportion of women in its workforce and therefore calls qualified female scientists to apply. Severely handicapped persons with the same aptitude will be given special consideration.

Please send your application stating the reference number 331019435 by 25.11.2019 to the DBFZ Deutsches Biomasseforschungszentrum gemeinnützige GmbH, Mrs. Alexandra Mohr-Schüppel, Torgauer Straße 116, D-04347 Leipzig, or bewerbung@dbfz.de (only 1 appendix, preferably as pdf). For an encrypted transmission of your application, you can use the Cryptshare upload form on our careers page https://www.dbfz.de/stellen.

Travel expenses of the applicant which may occur for an interview can only be reimbursed in accordance with the German regulation „Regelung über den Reisekostenzuschuss für Vorstellungsreisen für das Bundesministerium des Inneren und den Geschäftsbereich BMI“ (ZI1-30201/2#1).

For the internal processing of your photos please send us a written consent. Otherwise, please refrain from using photos in your application documents. Thank you for your understanding.
