At the **Faculty of Architecture**, the **Institute of Landscape Architecture** invites applications for

**Junior Professorship (W1) in Planting Design**

with a four-year contract, to be filled on **March 1, 2023**. After a positive interim evaluation, the employment contract will be extended to a total of six years. Evaluation criteria mutually agreed upon when the position is accepted, such as a positively evaluated teaching performance, active participation in academic self-administration, publication achievements, and success in obtaining third-party funding, will form the basis of the evaluation procedure.

You (m/f/x) will independently represent the field of plant use in landscape architecture in research and teaching. The field includes knowledge of characteristics, site requirements and properties of hardy bedding plants, insofar as they are of significance for vegetation planning purposes in landscape architecture. Based on these fundamentals, the main responsibility of the professorship lies in planning and design of vegetation as a means of shaping urban green spaces. In addition, the field of plant utilization also includes management. The teaching and research responsibilities comprise mainly ecological, functional, esthetic and care-related aspects in the selection of species and utilization of bedding plants and at the same time take into account the social relevance of vegetation. In teaching, the junior professorship is primarily involved in the Bachelor's and Master's degree programs in landscape architecture. The teaching obligation is 4 SWS, in the fifth and sixth year 6 SWS. A willingness to offer teaching in English is also desirable. We expect your active participation in academic self-administration.

We are looking for a personality with relevant expertise in the field of plant use in landscape architecture. If you can provide evidence of particular pedagogical aptitude since graduation and offer scientific or practical experience, we expressly welcome this. Applicants must fulfill the employment qualification requirements of § 63 of the Act on the Autonomy of Institutions of Higher Education in the Free State of Saxony (SächsHSFG).

For further questions, please contact the chairperson of the recruitment committee, Prof. Dr.-Ing. C. Schmidt, tel. +49 351 463-33383; e-mail: catrin.schmidt@tu-dresden.de.

TU Dresden supports junior professors and tenure track professors with a program specifically tailored to their needs. Mentoring, various coaching sessions, and special continuing education programs and support offers provide active professional guidance throughout the duration of the temporary position at the junior professorship.

TU Dresden seeks to employ more female professors. Hence, we particularly encourage women to apply. Applications from candidates with disabilities or those requiring additional support are very welcome. The University is a certified family-friendly university and offers a Dual Career Service. If you have any questions about these topics, please contact the Equal Opportunities Officer of the Faculty of Architecture (Dr. Peggy Freudenberg, Tel. +49 351 463-34837) or the Representative of Employees with Disabilities (Mr. Roberto Lemmrich, Phone +49 351 463-33175).

Please submit your application, including a CV in tabular form, a description of your scientific career and work, a list of your scientific publications, and a list of courses taught as well as a certified copy of the certificate of your highest academic degree by **September 2, 2022** (stamped arrival date of the university central mailservice applies) to: **TU Dresden, Prodekanin der Fakultät Architektur, Frau Prof. Dr.-Ing. Catrin Schmidt, Helmholtzstr. 10, 01069 Dresden** and in electronic form (CD, pen...
drive, etc.) or via the TU Dresden SecureMail Portal https://securemail.tu-dresden.de by sending it as a single PDF-document to i.landschaftsarchitektur@tu-dresden.de.
