At the Faculty of Architecture, the Institute of Buildings and Design invites applications for the Chair (W3) of Public Buildings and Design to be filled from October 1, 2023.

As one of the major schools of architecture in Germany, the Faculty of Architecture pursues an integrated teaching approach in which the analytical, research-oriented subjects cooperate with the planning and design subjects in a cross-methodological way. Both Dresden and TU Dresden as one of ten excellence universities in Germany offer ideal conditions for this. In line with TU Dresden's approach of close cooperation with non-university research and cultural institutions (DRESDEN-concept), a highly attractive transdisciplinary science network will be at your disposal.

We are looking for an individual who will represent the subject of Public Buildings and Design with commitment, both in research and teaching. It is important to the Faculty of Architecture that the chair continues the specific expertise and interdisciplinary approach of teaching and research in this field. In teaching, the chair is primarily integrated into the diploma study program of architecture. Furthermore, a willingness to teach in English and to choose Dresden as their main place of residence is desired. We expect your participation in projects of international cooperation as well as in the academic self-administration.

We are looking for a professional who is distinguished by their outstanding architectural work as well as conceptual thinking at the interfaces with other disciplines and can demonstrate pedagogical aptitude. Knowledge in the entire subject area is required – from the typology and historical development of public buildings to the transformation processes of existing buildings and the development of sustainable programs and concepts of use, which take into account the social changes in public life and its institutions. We expressly welcome applications from individuals with international practice experience since their graduation from university. Applicants must fulfill the employment qualification requirements of § 58 of the Act on the Autonomy of Institutions of Higher Education in the Free State of Saxony (SächsHSFG).

For further questions, please contact the Dean of the Faculty of Architecture, Prof. Jörg Joppien, tel. +49 351 463-32976; email: dekanat.architektur@tu-dresden.de.

TU Dresden seeks to employ more female professors. Hence, we particularly encourage women to apply. Applications from candidates with disabilities or those requiring additional support are very welcome. The University is a certified family-friendly university and offers a Dual Career Service. If you have any questions about these topics, please contact the Equal Opportunities Officer of the Faculty of Architecture (Dr.-Ing. Henrike Schoper, +49 351 463-35392) or the Representative of Employees with Disabilities (Mr. Roberto Lemmrich, +49 351 463-33175).

Please send your application with a curriculum vitae in tabular form, an illustrated catalogue of your architectural works, a description of your scientific career, a list of publications, lectures and exhibitions in which you participated as well as a description of your teaching activities, including (if available) the results of the teaching evaluation, as well as a certified copy of the certificate of the highest academic degree obtained by October 15, 2021 (stamped arrival date of the university central mail service applies) to: TU Dresden, Fakultät Architektur, Dekan, Herrn Prof. Jörg Joppien, Helmholtzstr. 10, 01069 Dresden and in electronic form (CD, USB storage medium or via the
