TUD Dresden University of Technology, as a University of Excellence, is one of the leading and most dynamic research institutions in the country. Founded in 1828, today it is a globally oriented, regionally anchored top university as it focuses on the grand challenges of the 21st century. It develops innovative solutions for the world's most pressing issues. In research and academic programs, the university unites the natural and engineering sciences with the humanities, social sciences and medicine. This wide range of disciplines is a special feature, facilitating interdisciplinarity and transfer of science to society. As a modern employer, it offers attractive working conditions to all employees in teaching, research, technology and administration. The goal is to promote and develop their individual abilities while empowering everyone to reach their full potential. TUD embodies a university culture that is characterized by cosmopolitanism, mutual appreciation, thriving innovation and active participation. For TUD diversity is an essential feature and a quality criterion of an excellent university. Accordingly, we welcome all applicants who would like to commit themselves, their achievements and productivity to the success of the whole institution.

At the Faculty of Mathematics, the Institute of Mathematical Stochastics offers a position as

**Research Associate / PhD Student (m/f/x)**

(subject to personal qualification employees are remunerated according to salary group E 13 TV-L)

starting at the **earliest possible date**. The position comprises 50% of the fulltime weekly hours. The position is limited to 3 years. The period of employment is governed by the Fixed Term Research Contracts Act (Wissenschaftszeitvertragsgesetz-WissZeitVG). The position aims at obtaining further academic qualification (usually doctorate).

**Tasks:** The successful candidate is required to conduct research on a topic in probability theory (e.g. stochastic processes/stochastic analysis) and its applications in Machine Learning. He/She supports the institute in its teaching activities on Bachelor and Master’s level (Lehrverpflichtung gem. Sächsischer Dienstaufgabenverordnung an Hochschulen – DAVOHS), as well as in the acquisition of third party funding and administrative duties.

**Requirements:** very good university degree in mathematics, preferably with a focus on probability theory; curiosity and strong interest in rigorous, methodical fundamental research; programming skills; good command of written and spoken English; basic knowledge of written and spoken German. TUD strives to employ more women in academia and research. We therefore expressly encourage women to apply. The University is a certified family-friendly university and offers a Dual Career Service. We welcome applications from candidates with disabilities. If multiple candidates prove to be equally qualified, those with disabilities or with equivalent status pursuant to the German Social Code IX (SGB IX) will receive priority for employment.

Please send your detailed application with the usual documents by **November 23, 2023** (stamped arrival date or the time stamp on the email server of TUD applies), preferably via the TU Dresden SecureMail Portal [https://securemail.tu-dresden.de](https://securemail.tu-dresden.de) as a single pdf-document to anita.behme@tu-dresden.de or to: TU Dresden, Fakultät Mathematik, Institut für Mathematische Stochastik, z. Hd. Frau Prof. Dr. Anita Behme, Helmholtzstr. 10, 01069 Dresden, Germany. Your application documents will not be returned, please submit copies only. Interview costs will not be covered.
