Technische Universität Dresden (TUD), as a University of Excellence, is one of the leading and most dynamic research institutions in the country. Founded in 1828, today it is a globally oriented, regionally anchored top university as it focuses on the grand challenges of the 21st century. It develops innovative solutions for the world's most pressing issues. In research and academic programs, the university unites the natural and engineering sciences with the humanities, social sciences and medicine. This wide range of disciplines is a special feature, facilitating interdisciplinarity and transfer of science to society. As a modern employer, it offers attractive working conditions to all employees in teaching, research, technology and administration. The goal is to promote and develop their individual abilities while empowering everyone to reach their full potential. TUD embodies a university culture that is characterized by cosmopolitanism, mutual appreciation, thriving innovation and active participation. For TUD diversity is an essential feature and a quality criterion of an excellent university. Accordingly, we welcome all applicants who would like to commit themselves, their achievements and productivity to the success of the whole institution.

The Faculty of Business and Economics invites applications for the position of a

Junior Professorship (W1) in Business Education and Management Training, esp. Digitalization in Education and Work Environments

with a four-year contract, to be filled at the earliest possible date. If the interim evaluation is positive, the employment contract will be extended to six years.

Evaluation criteria mutually agreed upon when the position is accepted will form the basis of the evaluation procedure. Essential elements of the evaluation will be the scientific success in the form of subject-relevant publications both in national and international scientifically well-recognized journals, active participation in relevant national and international conferences, development of innovative courses about digitalization in education and work environments with positively evaluated teaching performances in both German and English, and the successful acquisition of third-party research funds.

You (m/f/x) are expected to independently represent the field Business Education and Management Training in teaching and research. Your research is in the digitalization in education and work environments. It is linked to the faculty's research in management-oriented business administration and business information systems. You offer courses in the bachelor’s, master’s, and diploma degree programs of the Faculty of Business and Economics, especially business education, management-oriented business administration, and business information systems. Initially, your teaching obligation comprises four academic hours per week. We expect you to cooperate actively with faculty members and engage in interdisciplinary research collaborations within the university, as well as in external fundraising and academic self-administration.

You have an excellent pertinent PhD, and you have the potential to present research findings at high-level national and international conferences and publish in relevant scientifically recognized journals. In accordance with the profile of the Faculty of Business and Economics, your research is empirical and application-oriented with the potential for theory building. You focus on one or more topics of digitalization in education and work environments (e.g. digitized teaching-learning technologies, digital transformation, digitized assessment, data science in education). We expect excellent knowledge in the latest empirical (quantitative or qualitative) research methods and the willingness to pass this knowledge on to our doctoral students. We expect good teaching skills as well as the ability and willingness to offer courses in English. Proficiency in German is not a prerequisite for
appointment. However, we expect the successful candidate to acquire sufficient language skills in German to conduct teaching and administrative tasks within two years of appointment. Applicants must fulfill the employment qualification requirements of § 63 of the Act on the Autonomy of Institutions of Higher Education in the Free State of Saxony (SächsHSFG).

For further questions, please contact the head of the hiring committee, Prof. Dr. Bärbel Fürstenau, Tel. +49 351 463-32959; Email: baerbel.fuerstenau@tu-dresden.de

Our Young Professors Program YOU-PROF offers comprehensive, targeted and individually oriented guidance and support during the evaluation phase. The program includes a structured offer for integration and retention at our university, supports your network building and offers far-reaching qualification, coaching and mentoring packages.

TU Dresden strives to employ more women in academia and research. We therefore expressly encourage women to apply. The University is a certified family-friendly university and offers a Dual Career Service. We welcome applications from candidates with disabilities. If multiple candidates prove to be equally qualified, those with disabilities or with equivalent status pursuant to the German Social Code IX (SGB IX) will receive priority for employment. If you have any questions about these topics, please contact the Equal Opportunities Officer of the Faculty (Dr. Marco Gießmann, Phone +49 351 463-39045) or the Representative of Employees with Disabilities (Mr. Roberto Lemmrich, Phone +49 351 463-33175).

Please submit your application until December 22, 2022 (stamped arrival date of the university central mail service applies), including a CV in tabular form, list of scientific publications, list of courses taught including evaluation results (preferably of the last three years), and a copy of the certificate of your highest academic degree preferably in electronic form (one PDF file) via the TU Dresden SecureMail Portal https://securemail.tu-dresden.de by sending it to dekanat.ww@tu-dresden.de or as hard copy to: TU Dresden, Fakultät Wirtschaftswissenschaften, Dekan, Herrn Prof. Dr. Michael Schefczyk, Helmholtzstr. 10, 01069 Dresden, Germany.
